Q4 Please share any comments on housing or future development.

Answered: 198 Skipped: 226

#	RESPONSES	DATE
1	More houses, means more people.... More traffic, more demand on utilities, increased water run off , our doctors is already over run.... More houses turns out village into a suburb of Swindon ruining its character. The reason people like to live here.	9/25/2026 12:11 AM
2	Wroughton is already too large and the local services cannot support any future increase in population	9/22/2026 2:43 PM
3	Wroughton is already full and over capacity. Any additional housing will eat up more of the countryside and ultimately join us into Swindon. It's not what we want	9/22/2026 12:39 PM
4	No further large scale development-without additional services and infrastructure, larger development likely to exacerbate issues. 1 and 2 bed housing including gardens, not apartments. Congestion and transport assessments made should be used to inform development-ie not just add to existing roads without clarity, expand roads to accommodate. Otherwise relocate.	9/21/2026 9:59 PM
5	I'm not convinced about flats for OAPs. Access becomes a nightmare as you go more physically unable. Flats are hopeless unless you have good communal areas to meet up. Minion young and old tenants doesn't work - antisocial behaviour, loud music at antisocial times, and nuisance from drug use.	9/21/2026 9:39 PM
6	We need the infrastructure and facilities to support new development not just the houses. Ideally no more large scale housing estates	9/21/2026 7:49 PM
7	Houses are not built according to people needs, being too small and lack storage space, very small garden and very close to each other	9/20/2026 11:40 PM
8	Its big enough	9/20/2026 11:03 PM
9	No more housing should be built without adequate facilities, particularly healthcare, and infrastructure.	9/20/2026 9:10 PM
10	Less housing and more investment for facilities for the village and improving the community	9/20/2026 8:29 PM
11	There is way too much housing for any of our amenities, especially doctors, youth facilities, policing etc.	9/20/2026 5:05 PM
12	No further development is needed in Wroughton. Again the identity of the village is being destroyed	9/20/2026 3:53 PM
13	We do not have sufficient infrastructure to support more homes	9/20/2026 12:08 PM
14	N/A	9/20/2026 9:37 AM
15	The recent Artis Farm outline application demonstrates developers see Wroughton as an easy target, where the application is so poor but assumes SBC will agree it as it in the draft SBC local plan at the time. This was unfortunately, and in my opinion, mentioned inappropriately at the end of the Parish Council objections to the outline planning application, which itself was really very good. This assumption that it was a forgone conclusion and lack of judgement on behalf of the Parish Council to include it undermined their response and those of Wroughton residents. We thought we had your support. And there has been no follow up from our SBC council member regarding if this application will go to the SBC planning committee. Not a word. This matter is so important, and the consultation process was seriously flawed. We can only hope someone somewhere sees sense. And as a resident of over 35 years I would have hoped the concerns I raised would not be ignored or dismissed.	9/20/2026 9:36 AM
16	What's the data supporting the need to build on green spaces?	9/20/2026 8:03 AM

17	New housing should be within easy walking or cycling distance from either Wroughton village centre or middle Wichel centre	9/19/2026 8:32 PM
18	Younger family housing	9/19/2026 8:03 PM
19	Don't take away anymore of the beautiful farmland around Wroughton	9/19/2026 6:51 PM
20	The infrastructure needs to be looked at- only one surgery between Wroughton & Witchelstowe, roads that are not fit for purpose even though there is an increasing amount of traffic.	9/19/2026 2:27 PM
21	Further development should be limited until road infrastructure capacity is improved. any growth must be supported by appropriate investment .	9/19/2026 11:39 AM
22	All currently agreed housing development should be completed and sold/rented prior to any new housing development being considered.	9/19/2026 11:37 AM
23	I would prefer to see smaller scale projects aimed at 1st time buyers in brownfield sites only	9/19/2026 7:56 AM
24	Think there needs to be more character put into the neighbour to protect the village feel - larger housing estates will push us into the town. The beauty of Wroughton is that is a step into the country side - all this needs to protected. community is at the heart of Wroughton - however more facilities for those that live here would boost the village economy and community feel.	9/18/2026 10:57 PM
25	Over development should be avoided as it would decrease quality of life and environmental sustainability	9/18/2026 9:47 PM
26	Not enough health provision to support more people. Further buing will change the character of the village.	9/18/2026 8:56 PM
27	No future development to retaim Wroughtons Village Character	9/18/2026 8:02 PM
28	We have enough	9/18/2026 7:55 PM
29	Housing shouldn’t be on green fields surrounding the village . These are important to the village for all residents of all ages whether it is dog walkers , older people getting their daily exercise or children learning about local wildlife. These fields are also home to many deer, foxes, birds etc so need to be kept.	9/18/2026 7:46 PM
30	Any development near the airfield road must be supported by opening Hackpen lane, to ease traffic using priors hill.	9/18/2026 6:44 PM
31	Housing development should also include good green spaces for everyone young & old to be able to access, with walking and cycling routes too. There should be nice places for people and families to meet and socialize. We should also be protecting the character that we already have but at the same time making sure we enhance that. Like one instance, bringing back the canal is great! This could bring so much into the communityy from walks to the wildlife, which in turn is good for our mental health. Also new houses should be belt more environmentaly friendly and future proofed too.	9/18/2026 4:33 PM
32	The use of green spaces to build is particularly upsetting, especially when Wichelstowe is already being developed with plenty of new houses.	9/18/2026 4:20 PM
33	There is to much development already .. the infrastructure is already overstretched..	9/18/2026 3:59 PM
34	Greater emphasis should be put on ensuring that new development keeps with the local character of the area.	9/17/2026 2:15 PM
35	Affordable housing should not be Shared Ownership Housing - no descriptions are given to identify which you are referring to. Ensure any existing infrastructure and services are adequately capable of absorbing additional demand. Better communication of proposed developments and publish full concerns raised.	9/17/2026 11:57 AM
36	We need another drs surgery, hospital,	9/17/2026 10:11 AM
37	N/a	9/17/2026 7:40 AM
38	There are currently no enough doctors appointment for the patients in the village, the roads are constantly being dug up due to “improvements” or to fix the aging infrastructure.	9/16/2026 8:11 PM
39	Keep Wroughton a village.	9/16/2026 7:21 PM

40	Larger scale housing development should be avoided unless the infrastructure will also be upgraded and sufficient to service increasing housing in this area	9/16/2026 5:30 PM
41	It has to come with dentists, doctors and pharmacy as well as schools and infrastructure	9/16/2026 1:42 PM
42	It’s ok to build houses but infrastructure doctors surgery are needed	9/16/2026 1:24 PM
43	Until the drs are sorted wroughton we cannot have more houses. It’s getting ridiculous	9/16/2026 12:53 PM
44	Roads are poor, surgery is a joke	9/16/2026 12:06 PM
45	We already have too many houses for thr local doctors and facilities	9/16/2026 12:00 PM
46	New housing needs infrastructure to be built alongside the construction	9/16/2026 9:50 AM
47	The doctors can not cope with the current population, as the Wichelstowe and Chisledon areas can only get appointments in Wroughton. 1 GP in Chisledon and no surgery in Wichelstowe, i believe was due to be built over 5 years ago.	9/16/2026 9:24 AM
48	Any housing should be accompanied by the appropriate infrastructure needed both short term & long term. Housing should be built according to an evidenced need for the area, and should not be based on national figures nor locally made assumptions. The impact of additional housing is great, so it should be evidence based.	9/16/2026 8:50 AM
49	Housing is being built beyond the infrastructure available to support it - roads, shops, public services. This is not sustainable.	9/15/2026 2:33 PM
50	Needs to be supported by bus services.	9/14/2026 6:45 PM
51	Stand up to SBC, no further housing. There is enough now and many in Wichelstowe	9/14/2026 12:11 PM
52	Wroughton Current housing has gone beyond what the village can realistically maintain. It is swallowing up any remaining green space, ruining any village character remaining and increasing what is already too congested Main roads, increasing noise and road safety is compromised for all children walking to school let alone prompting an outdoor lifestyle with all the housing development	9/14/2026 11:35 AM
53	Need to keep Wroughton as a village and not expand	9/14/2026 11:14 AM
54	There are more than enough family homes available in Wroughton. More flats and small houses are required.	9/14/2026 10:37 AM
55	I worry about The infrastructure of the village. It’s already impossible to get a doctor‘s appointment. Schools are overfilled. More thought needs to go around more facilities	9/13/2026 9:41 PM
56	Roads can’t cope now; constant traffic congestion; flooding. Additional housing will increase risk due to poor highways, more concrete/tarmac means surface water has nowhere to go	9/11/2026 3:15 PM
57	Fight for a green belt around existing proprty developments.	9/10/2026 7:51 PM
58	Local facilities need to grow before the village does. Roads, doctors pharmacy, local shops cannot handle the current occupancy of wroughton.	9/9/2026 11:24 PM
59	No further development in Wroughton, Wichelstowe is still growing!	9/9/2026 7:17 PM
60	Until all the sites that have been started should be completed before any more are given permission	9/9/2026 3:48 PM
61	Essential services such as gym, dentist, supermarket and GP are critical and should have been built before allowing thousand of residents to move into the area.	9/8/2026 8:22 PM
62	develoement should be small and in context with the size of the village.	9/8/2026 4:51 PM
63	No more green spaces should be lost! Sites like the old Co-op site should be redeveloped!	9/7/2026 10:24 PM
64	No new housing should be built, the village does not need to be expanded as it removes its authentic character and takes away from the point of it actually being a village and not a small town. Furthermore, no new houses should be built unless the local services have been provided with support or expanded, the doctor’s surgery is already not coping and the local schools are becoming over subscribed	9/7/2026 8:38 PM

65	Provision of doctors' surgery is essential and should be in place before any future development is approved.	9/7/2026 5:25 PM
66	Keep developments within the bounds of existing services and ensure road networks can cope	9/7/2026 4:28 PM
67	Sustainable and balanced for building communities to include facilities and infrastructure.	9/4/2026 8:53 AM
68	Wroughton has done its fair share and then some. Our village doesnt need and can't handle any more. More pushback is needed from WPC to development. The below question is also leading, there should be a "No Development" option. I have marked "Unsure" even though i am very sure. By marking "No new infrastructure is needed" this could still be read as "No new infrastructure is needed... for more development".	9/3/2026 5:43 PM
69	Whilst accepting that development for housing needs to take place it is imperative that local infrastucture is developed alongside this and let to a "possible" afterthought	9/3/2026 11:49 AM
70	Allow affordable/social housing building projects to go through planning with ease.	9/3/2026 9:13 AM
71	Wichelstowe has already increased the population by almost 50% with very little or no matching of public services	9/2/2026 5:10 PM
72	Future housing needs to be supported by improved medical services	9/2/2026 11:25 AM
73	Wichelstowe is growing at such a fast rate. Why do we need more houses. Surely it covers our quota for the area.	9/1/2026 10:09 PM
74	No more housing. Its madness already! Perhaps spend the £ you do get as a council more wisely.	9/1/2026 9:13 PM
75	Build more houses so people have somewhere to live and housing costs lower. There is a national priority to build more homes and as a nation, we are no where near targets. Vocal locals need to stop blocking developments and councils/developers need to get things built.	9/1/2026 8:06 PM
76	No further large scale building within wroughton. Keep what is left of buffer on south side of M4	9/1/2026 12:54 PM
77	There should be no more future development, there are already 3 massive new developments of new build houses, 2 of which are on Marlborough Road that look terrible and diminish the character of the village	9/1/2026 11:22 AM
78	The plan MUST protect the green spaces around the boundary of our village and MUST fight to keep Wroughton's village character.	9/1/2026 11:04 AM
79	Wroughton has enough new buildings - with Wichelstowe still in development why is a need for further housing in what was a nice village?	9/1/2026 10:54 AM
80	We are building too fast and too much without the infrastructure in place. It’s more of a town than a village and spreading too much into Swindon with not enough gap between	9/1/2026 10:37 AM
81	There are enough houses on Rightmove so why are more homes needed? Wildlife displacement is evident and i have seen this with my own eyes. No more building on green sites	9/1/2026 10:35 AM
82	Wroughton is losing it’s identity as a village due to it’s proximity to Swindon and the proposed developments in North Wroughton.	9/1/2026 10:32 AM
83	We need to stop building on our local countryside. No part of Cowleaze Farm should never be considered for development	9/1/2026 10:28 AM
84	Keep green areas and develop a park with trees and shrubs	9/1/2026 10:23 AM
85	We’ve got a whole new district in Wichelstowe, why the need for more poorly built boxes? Please don’t spoil any more of the surroundings of Wroughton	9/1/2026 9:59 AM
86	Need more greenery and dead areas need replacing	9/1/2026 9:52 AM
87	Wish you could do a check on the developer/builder before they build shoddy houses and abuse the local residents	9/1/2026 7:18 AM
88	New housing in new estates is needed, however the parish dissent have the facilities to carry on the everyday services which should be provided by the developers prior to them commencing any development, regardless the village needs to inrastructure badly and	8/30/2026 3:36 PM

	highways need to consider options on new routes in and around the village. with weight restrictions as there are far too many lorries etc on the back roads.	
89	We have far too much development already	8/29/2026 5:58 PM
90	We need proof that there is a demand to live in Wroughton and that the infrastructure and services can cope with any expansion The evidence is NO.	8/29/2026 4:59 PM
91	I would have also put ‘Protect the character of the village’ for question 1 had I not been restricted to 3 answers. Wroughton is a rural village with agricultural outskirts but feels to be at risk of becoming an urban suburb of Swindon.	8/28/2026 3:44 PM
92	Nothing west of the village up to and beyond Elcombe, and nothing further up Brimble Hill	8/28/2026 9:55 AM
93	Future developments should not be allowed if the character of the parish is reduced to becoming a suburb of swindon	8/27/2026 2:50 PM
94	There are not enough facilities in Wroughton to sustain more housing. It is not sustainable development when there is no supermarket no way of refuelling or charging your car and no High Street to speak of.	8/26/2026 1:33 PM
95	We are a small village and people move to these areas for that village feel. We do not want to be over developed and protection should be given to our rural heritage and farming communities.	8/24/2026 8:50 PM
96	Until the roads and health services are improved, there should be no further development. Currently, patients must wait a month for an appointment at Ridgeway View.	8/24/2026 4:53 PM
97	Get services to an acceptable level, doctor appointments when you need them, better health care for people with diabetes. Both at the local doctors and at Swindon GW hospital, better shops within the village, ensure you keep the village as a village and not an overspill of Swindon, then potentially look at appropriate housing in small developments, not hundreds of houses each time compounding the problems above.	8/24/2026 3:09 PM
98	Wroughton has developed way beyond its capacity so much so that it is effecting the feel of a village , which it is and I was so proud to live in. Now wichelstowe, middle and east are in the parish where additional housing is being built growth has gone ne far beyond its means	8/24/2026 2:55 PM
99	No more large housing developments particularly those on the boundary fringes for Swindon and for Wichelstowe. We need to protect Wroughtons Village identity and keep the greenbelt free from development	8/24/2026 2:46 PM
100	Future housing development should not be considered unless local school provision is increased as well as GP services.	8/24/2026 2:20 PM
101	If there has to be more building, 2 bed houses for sale rather than 2 bed flats and 2 beds for housing association only isnt fair on purchasers.	8/24/2026 2:16 PM
102	The infrastructure of the village is near to breaking with the addition of Wichelstowe which should be enough housing for the area.	8/24/2026 12:16 PM
103	New housing should be allocated in discussion with local people, not imposed on them without consultation	8/24/2026 9:11 AM
104	Resist all future developments greater than 10 properties	8/23/2026 9:25 PM
105	The village will be part of Swindon unless development is stopped.	8/23/2026 7:20 PM
106	Every new residential development need to have kids play park area before home handover as well as education n healthcare and daily needs / groceries shops	8/23/2026 2:58 PM
107	No more big housing developments. We DO NOT want to join up with wichelstowe	8/23/2026 1:50 PM
108	Development shouldn't be on green belt. Use existing unoccupied houses. Wroughton is now surrounded by large housing estates. The infrastructure can't cope. Wildlife affected.	8/23/2026 11:07 AM
109	Housing is being built without the expansion of healthcare being in place, thus stretching the already overloaded services	8/23/2026 11:06 AM
110	Wroughton does t need more housing. The infrastructure of roads and facilities cannot take it.	8/23/2026 10:28 AM

111	Shouldn't overcrowd the already overcrowded population especially when no extra schools/ doctors are being built to cope with the increase	8/23/2026 8:07 AM
112	Wroughton village has enough development, the roads are congested, the surgery is over full and there are other issues to resolve before more development is compound on top	8/22/2026 5:10 PM
113	Wroughton is already at capacity. Need long term fixes to basic infrastructure before any new developments. New water mains (not just repairing cracks every week), replace sewerage systems, replace gas mains, fix retaining walls by roads (eg Brimble Hill) etc.	8/22/2026 11:10 AM
114	Increased housing MUST be accompanied by additional amenities eg doctors surgeries, schools and leisure facilities.	8/21/2026 8:25 PM
115	I have concerns about development on existing green land used for recreation and dog walking near my home.	8/21/2026 2:48 PM
116	urban sprawl not wanted	8/21/2026 1:53 PM
117	The recent houses in AP are a good example of reusing a brownfield site that was previously an eyesore unused car park	8/21/2026 11:39 AM
118	Get the support infrastructure in place first. Don't let builders put up hundreds of houses and walk away with their pockets a-jingling leaving schools and the surgery to pick up the pieces.	8/21/2026 9:43 AM
119	Should enforce sustainable energy e.g solar panel and heat pumps	8/21/2026 8:50 AM
120	Developments need to focus on ensuring infrastruture is in place or can be subsidised before housing.	8/20/2026 10:32 PM
121	Wroughton is over crowded as it is, we dont have the infrastructures to accommodate more buildings.	8/20/2026 5:24 PM
122	Needs children play park and leisure centre and GP	8/20/2026 3:52 PM
123	NO MORE DEVELOPMENT.... WE CANNOT COPE....	8/20/2026 1:00 PM
124	We need a better medical centre to cope with all the new housing that is currently being built	8/20/2026 12:54 PM
125	Houses sell quickly in Wroughton, turn over is sufficient. Wichelstowe is only 30% complete so plenty of room for any new residents to the area. British population growth is stagnant, so the need for more homes in Wroughton is not justifiable. The GP surgery and hospital is at breaking point without any further homes built. Roads around Wroughton are not fit for more traffic.	8/20/2026 11:50 AM
126	Protect the village status and feel and reject large scale development. We don’t have the infrastructure to support a mass increase in population. Small developments in parallel with a proportionate improvement in local services.	8/20/2026 8:50 AM
127	No more housing - Wroughton is being destroyed by overdevelopment - infrastructure can’t cope - constant failure of existing services - Wroughton is losing its ‘soul’ and being sold out to developers	8/20/2026 7:47 AM
128	We are in danger of losing all of the lovely aspects of this friendly ‘village’ with all this development	8/20/2026 7:00 AM
129	I do not want our green spaces to get swallowed up by more housing especially as the developers and council have proven themselves content to avoid developing schools, doctors surgeries, local facilities etc.	8/19/2026 11:00 PM
130	If we want more housing, and I think we do, we have to accept things being built on land of all types. Brownfield is best though.	8/19/2026 10:06 PM
131	Future developments need to be accompanied by additional services, such as doctors and dentists. These things are never accommodated for unless it’s a development that’s the size of Wichelstowe	8/19/2026 8:41 PM
132	It would be good to see Wichelstowe grow into what the plan was with shops etc too. Make sure they are sorted have have their facilities-drs, schoolll, church, shops etc rather than adding to wrougton which is bursting at the seems	8/19/2026 6:26 PM
133	All the Wichelstowe site should be built on first before any other piece of land in Wroughton	8/19/2026 2:25 PM

134	We have literally no infrastructure in west wichelstowe, everywhere needs a car to get to or at least 20 min walk. Need 5 min away shops for basics and medical care centre and dentist	8/19/2026 1:30 PM
135	Definitely no greenfield development. Any construction should provide medical facilities before beginning any housing, definitely not after.	8/19/2026 11:39 AM
136	There are a few areas that could be redeveloped like behind the ridgeway and opposite inverary road. Ashen copse could be better used. Grants to help families who buy the bungalows in the centre of wroughton can put dormers on them.	8/19/2026 11:26 AM
137	Finish Wichelstowe first	8/19/2026 9:50 AM
138	The village does not adequate facilities for more housing	8/19/2026 9:05 AM
139	Not enough affordable housing especially for single income families	8/19/2026 7:39 AM
140	-	8/19/2026 2:37 AM
141	I've lived in Wroughton since 1977. In the past twenty years I've witnessed an increase in housing stock of at least 20%, most of it family homes. The infrastructure has not kept pace. Wroughton is over developed now. The current stock is more than sufficient to meet future needs. The current demographic suggests a significant proportion of the stock will become available, as the 'Boomer' generation die out.	8/18/2026 7:32 PM
142	you are going to ignor this, BUT. the build enviornment can not exist with out water, it's not just a Thames water issue as it was dismissed buy some of you in the past elections. due to the perminent and catastrofic climate change we will need to hold a years water from 2 months rain. wroughton substrata is clay this holds water, don't build anything except reservoirs. the farmers would be able to water the feilds so we can have crops to survive. we are part of desert europe within the next 10 years.	8/18/2026 7:30 PM
143	No more houses on the edges please! We need to stay a village with an identity separate from Swindon.	8/18/2026 6:35 PM
144	Green spaces need to be a preserved there is so much wildlife such as deers, woodpeckers, newts and green woodpeckers that are having their homes destroyed by housing developments.	8/18/2026 5:47 PM
145	No MORE BUILDING VILLAGE IS RUINED ALREADY	8/18/2026 5:32 PM
146	The doctors cannot cope with the amount of people here as is, the pharmacist are the same. NHS patients are unable to join near by dentists and have to travel into Swindon to recover treatment.	8/18/2026 4:22 PM
147	Perhaps another doctor’ surgery	8/18/2026 2:18 PM
148	Wroughton is losing its identity and becoming a suburb of Swindon.	8/18/2026 1:57 PM
149	Housing should be focused in existing areas to avoid losing the character of the village of Wroughton and avoid it becoming just a suburb of Swindon	8/18/2026 1:47 PM
150	Wroughton will lose its rural identity and strong sense of community if it keeps growing. Any new housing needs to go in Swindon on all the unused town centre sites. Redevelop that into housing so it doesn't look such a mess.	8/18/2026 1:45 PM
151	Extremely careful on where these houses are due to roads which are not suitable for existing traffic eg Priors Hill ..without the burden of extra traffic ..currently its a nightmare speeding cars Lorries using Priors Hill .new measures should be installed	8/18/2026 1:40 PM
152	Housing development should look at brown field and redevelopment sites to protect the character of existing areas as well as prevent them from becoming overpopulated. This would also allow for the protection of wildlife and green spaces	8/18/2026 1:32 PM
153	Wroughton (and the already extra burden of Wichelstow)is drowning under all the new builds and total lack of infrastructure	8/18/2026 1:30 PM
154	We do not have the doctors to facilitate extra housing	8/18/2026 1:19 PM
155	Housing needs to be affordable for young buyers. Not huge 4/5 bedroom houses. Children who grow up in Wroughton can't afford to buy houses.	8/18/2026 1:18 PM

156	Allow planning for people with large gardens	8/18/2026 1:12 PM
157	We need to protect the character of the village and refrain from over developing. Loosing all the wonderful green space surrounding the village and overwhelming the village amenities and provisions. There are plenty of brownfield sites to develop on.	8/18/2026 1:07 PM
158	Due to the large amount of homes being built in Wichelstowe and the two new estates that have recently been built in Wroughton I cannot see the need for the future large scale development planned for Wroughton. These will transform the nature of Wroughton from a village to a superb of Swindon, have a negative impact on the environment and most importantly of all have a huge impact on Wroughton Health Centre which is already under strain. Without provision of a a new health centre in Wichelstowe I can't invisage how the Health centre will be able to cope with the increased population.	8/18/2026 10:56 AM
159	People who live in 3/4 bedroom Council houses on their own should be relocated so a family can benefit.	8/18/2026 9:37 AM
160	I know we can't stop the wheels of change but can we at least slow them down! I'm woken up every morning by heavy machinery and the village feels like a building site.	8/18/2026 9:04 AM
161	There are already huge numbers of houses being built. We do not need any more!	8/18/2026 8:35 AM
162	We've taken far more than our share locally already with more to come and NO added infrastructure to take it!!!	8/18/2026 5:51 AM
163	It is better to have a local facility well established before the building of new homes or developments	8/18/2026 12:12 AM
164	No future development please	8/18/2026 12:02 AM
165	The Ridgeway View Surgery is struggling to see residents within the Wroughton community so it absolutely does not make sense to build more houses within our boundaries because this will just cause an even longer wait for appointments something that concerns me as an elderly resident	8/17/2026 10:53 PM
166	Protect the green spaces where so many people walk and have adventures. The current development over at Waitrose has been sad to see so much wildlife has been erased and where they have relocated too is the available green that's left.	8/17/2026 10:03 PM
167	Housing should be affordable. It should be built for the climate of the 21st century with heating and cooling systems based on heat pumps. There should be plenty of parking which is currently lacking in every modern development, causing problems with inappropriately parked vehicles. EV chargers should be included and there should be space for children to play away from traffic. Sadly I don't think developers are interested in building like this.	8/17/2026 9:50 PM
168	Currently in Whiclestowe there is now vast amounts of apartments compared to houses	8/17/2026 9:44 PM
169	The Wichelstowe development is nowhere near completed so why are we allowing more build sites? Current infrastructure is unsustainable with ongoing build sites!!!	8/17/2026 8:55 PM
170	Local infrastructure needs to be improved upon before more houses can be considered for the area. Including the likes of doctors surgery,	8/17/2026 8:43 PM
171	Do not build anymore houses until more doctors and pharmacies are built due to pressures and difficulty getting appointments	8/17/2026 8:22 PM
172	Wroughton is traditionally a village, rapidly becoming a town, but without the associated infrastructure necessary to support all the additional houses, both proposed and currently under construction	8/17/2026 7:58 PM
173	Witchelstow mess lack of utilities Dr hospital too small schools bad roads all ready lost to swindon its a mess system broken	8/17/2026 7:29 PM
174	Open the road between Wichel fields and the M4	8/17/2026 6:36 PM
175	Not on greenfield, not on current farmland, not in the buffer zone between Swindon and Wroughton, retain space between Wroughton and Wooten Basset	8/17/2026 5:59 PM
176	Wroughton and Wichelstowe have taken a huge amount of new housing. It must stop.	8/17/2026 5:51 PM

177	Any new housing should I include expansion of doctors on Wroughton or Whitchelstowe. We simply cannot increase the number of houses without the correct infrastructure.	8/17/2026 5:28 PM
178	I feel that Wroughton has had more than its fair share of new builds. The infrastructure, Drs, roads etc.cant cope with more.	8/17/2026 5:23 PM
179	More Playgrounds needed	8/17/2026 4:44 PM
180	No further developments until the infrastructure is in place to cope with the existing population.	8/17/2026 4:35 PM
181	Stop building so many high end houses and more homes that people can afford and include public facilities such as shops, cafes and medical centres within any large development.	8/17/2026 4:03 PM
182	Please make sure infrastructure is in place first	8/17/2026 3:40 PM
183	I think many of the options in Q3 probably apply, within reason. It's got to be case-by-case and NIMBY is not a valid justification. I think most people's biggest gripe is that you can't build all of this new housing and not have the infrastructure in place to meet the new demand. It has to be considered as a whole. Where are all of the children playing in Wichelstowe right now? I'll tell you - in the streets! It's dangerous and they're causing damage to property. Poor planning is what it is.	8/17/2026 3:12 PM
184	Housing and development should only be considered when services/ health centres are extended or increased in number.	8/17/2026 3:03 PM
185	Please don't consider large scale development unless wichelstowe provides GP services as originally planned in the initial process at commencement of that development. It's unacceptable to not give this serious consideration	8/17/2026 2:35 PM
186	The town and villages already don’t have enough GP’s or dentists and the hospital is over burdened.	8/17/2026 1:54 PM
187	Wroughton has taken more than it's fair share of the extra housing. Our services CAN'T COPE. Unless these essential services are vastly improved we can't have further development of Wroughton in terms of housing.	8/17/2026 1:26 PM
188	Wroughton dosent require any new buildings as whichlestowe hadn’t sold their new homes. Roads are not wide enough for extra traffic	8/17/2026 1:17 PM
189	Keep Swindon out of Wroughton	8/17/2026 1:14 PM
190	Infrastructure already cannot cope Need upgraded water and Internet supplies and robust electricity and gas supplies	8/17/2026 12:14 PM
191	Wroughton is large enough - it has been extended and received its quota of housing with no supporting infrastructure	8/17/2026 11:33 AM
192	The way Wichelstowe has been built with no healthcare provision is shameful. No GP, no pharmacy. No post office. No cash machine. West wichel has no public transport service. These things are essential to life. The only service thank goodness is a school. We also need more variety of shops.	8/17/2026 11:01 AM
193	Infrastructure and amenities MUST come before housing. Slow, sustainable growth only	8/17/2026 10:38 AM
194	No more houses!!	8/17/2026 10:18 AM
195	We desperately need new doctors/medical practice in the village. Can any new development be granted but only with contributions made by developer into the pot to help pay for new drs	8/17/2026 10:15 AM
196	Stop huge developments	8/17/2026 10:13 AM
197	The parish cannot be allowed to grow any bigger without additional healthcare and education facilities being delivered girst	8/16/2026 7:36 PM
198	Real need to uplift healthcare provision and traffic flow control as new estates are built.	8/16/2026 6:41 PM
