93	People not cycling on the pavement and pedestrian areas (especially electric bikes and e-scooters) Therefore better/more signage making it clear - people don’t seem to always understand the Highway Code signs, so additional wording might help. 117	In Wroughton.... A bypass road from croft road round to back of the hospital to the three tons. Roadworks finally completed. The road on the old RAF camp from the A4361 to the Barbury Castle/Chiseldon road open to traffic. This would remove a lot of traffic from the village.	8/22/2026 5:10 PM

142	Traffic calming scheme along Wharf Road.	8/19/2026 12:44 PM
143	If the leisure pool was more accessible timetabled, families could go with their grandparents so everyone could keep fit and active together. But the casual or family swim is seldom on in the week when SAHM are around. Plus I worry about the elderly being able to actually climb down into the pool. Please don’t let anyone ruin the incredible forests and cycle paths between Wroughton and Wichelstowe, these are fabulous lifeline for so many villagers. Incredible thing, hope the new housing doesn’t ruin it.	8/19/2026 11:26 AM

	especially peopel how are older or can't get to or afford a trip to the gym. Placing them either near walking route, field, community centres or close to the nursing homes and bungalows. It will allow peopel to get out of the home with out the risk of being to far from home. Mobile library, for people on disability or with children under 3, that can't go to the library easy either with work or health conditions. Having the library be able to deliver books silmar to when dealing with Covid. Maybe the parish library could come to the nursing homes once a week with some the new books to try and keep their brains active especially during the winter time or extreme heat when it can be unsafe to go out side for them.

181	To make the road to Burderop via Brimble Hill there should be a restriction in place to stop articulated Lorrie’s from using the route as a rat run the road in many places is just not wide enough and it’s only a question of time before there is a fatality the road was never meant for the huge vehicles who use it daily and destroying walls and pavements with the vibration and mounting pavements to avoid collisions	8/17/2026 10:53 PM
182	Leisure centre with swimming pool, doctors surgery, local small shop e.g Tesco express	8/17/2026 10:39 PM
183	I believe as they are now is great, you have a concrete jungle that is kept clean and can be in touch with lovely walks surrounding all areas. There is enough facilities and buses that run through. You have 3 different exit routes where if traffic is building and depending where you are going to get out is easy. I believe dog wardens would be a priority due to the number of incidences of dog bites/ attacks due to irresponsible dog owners and off lead dogs they cannot control around the children’s park.	8/17/2026 10:03 PM
184	Gym, GP	8/17/2026 9:56 PM
