APPENDIX 2

Question 7: What additional facilities or services would improve quality of life in Wroughton and Wichelstowe?

Responses to paper survey.

Comments
GP and health services. Transport to Marlborough via Chiseldon (a direct route). Joined up thiking of community/vol/charity groups
Bigger doctors
The way the new builds are being constructed is not making social areas for play. Where are the green open areas for children to play and people to sit? Where can you fly a kite?
Litter is a huge problem. More efficient and frequent maintenance of public spaces. Encourage people to take more pride in their environment and gardens
Fully reopening dual carriageway into Swindon. Fix Brimble Hill wall after years of traffic lights. Enforcement of parking restrictions and illegal e-bikes and e-scooters
Retail shops
Healthcare provision - doctors and dentist. Better buses. Bus services should be ready before the houses are built
Under the umbrella of Swindon Borough Council, the hospital needs to be expanded as it's too small for the population it serves
Extra GP surgery
All the things we had and lost - hospital, police station, employment, clean streets, independent shops
NHS dentist
GPs, doctors and dentists
Bigger surgery
We need improvements to existing services. Thames Water, SBC, National Highways etc. are not acting in the interests of the community. WWPC's input seems largely ignored.
Wichelstowe medical practice and pharmacy to ease pressure on Wroughton
Another GP practice
Lidl or Aldi. Bigger health centre. A parish plan that once adopted is protected from developers
Encouraging community spirit and volunteers and not to be a dormitory town
More shops, cafes and a gym, plus a Lidl or Aldi
Speed cameras. Acknowledgement/rewards for those who volunteer with community events

A youth club
Doctors at Wichelstowe
A restaurant
We need another doctors surgery
More local shops such as a butcher, bakery and more boutique shops
