

Our Wroughton Neighbourhood Plan states there is a need to maintain and increase the opportunities for sport and leisure. Residents have raised the need for better play facilities for children. Sports and youth organisations within the village have said that the current provision of land is barely adequate.

Between 2013 and 2018, a number of sports and community groups have approached WPC to better utilise the Maunsell Way recreation ground and pavilion. Residents' views have been sought through a number of community engagement and consultation events and results show that Community focused, not-for-profit youth and sports club's growth aspirations are supported by Wroughton's residents.

The pavilion is reaching the end of its economic life; the building fabric is starting to deteriorate and shower facilities are unusable due to their unsanitary state. Youth groups have highlighted difficulties with the current internal layout of the building.

We would appreciate your time to complete the following questionnaire, this will enable the Parish Council to better understand the needs of local residents.

# Maunsell Way Pavilion

## Proposed community and sports facility questionnaire

**Scouts**  
1st Wroughton

1. Email address: (for future updates regarding community developments)
