Dear Sirs,

Thank you for sending the review of the Wroughton Neighbourhood Plan and for seeking our comments.

As you know Prospect Hospice is one of the largest employers in the village and is very proud to be an integral part of this community. The residents of Wroughton are fantastic supporters and ambassadors for the hospice with many of our valued team of staff and volunteers living within the village and, of course there is also amazing support for our fundraising activities. It is this fantastic support that enables us to deliver such excellent care to our patients, families and carers within the borough of Swindon and across North East Wiltshire.

To enable us to meet the growing demand for the services we provide we have to ensure that our facilities are, and will continue to be fit for purpose and that we have the financial resources to secure our future.

We are one of the joint owners of the land being proposed for development to the east of Moormead Road which is referred to in the review of the neighbourhood plan document.

We would welcome the support from the parish council and the Wroughton community for this development as it would enable us to realise the value of a legacy gift which will then be used to invest in our services and our hospice facilities.

We look forward to engaging with the parish council and the residents of Wroughton over the next few months to show how this development could benefit both the hospice and the local community.

With kind regards

Elaine Baxter  
Director of Finance
