Hi Emma

The traditional date for Wroughton May fair will fall ok this year it's 4th weekend in May arriving Monday 17th leaving Monday 24th, operating 20th to 23rd May.

Also our July/august visit arriving 25th leaving Monday 2nd august operating 29th July to 1st august

The early visit is always dependent on the weather and ground conditions, as you know it's a very wet piece of ground in wet weather.

I'll only bring a small covid secure family fair with all government guidelines implemented including sanitisers, track and trace etc

It'll certainly be lovely to get back to Wroughton after nearly 2 years off, I'm asked all the time when we're coming back.

If the 1st visit in May is too soon, I'll be more than happy to just come in July/august.

Anything else I can ever support in Wroughton with rides/catering etc I'm always happy to help

Many thanks

George
