

I.M.D Steel Fabrication Services.

QUOTATION.

Amanda Woodhead
Community Projects and Grants Officer
Wroughton Parish Council

10/3/2021

Dear Amanda,

Following my site visit last week I am pleased to offer the following quotation for the manufacture and fitting of two mesh cage sides for your Nissan Cabstar as below:

Total price £890.73

These will comprise of 41mm x 41mm plain galvanized Unistrut frames, with 25mm x 25mm x 3mm galvanized weld- mesh infill c/w brackets to fix to your existing steel body.

There will be a removeable rear crossbar for stability.

Note;

Using the Unistrut for framing makes further modifications simpler, as discussed with Richard House

We would require the truck for one day for fitting at our workshop

I hope I have interpreted your requirements correctly and look forward to your response.

Yours sincerely
Ian De'Ath
