Duke of Edinburgh Placements Update

February 2023

We currently have two Ridgeway students undertaking volunteer positions for the Duke of Edinburgh Award Scheme with us. One is helping on Thursdays with the Library Craft Club which runs after school from 3.30-4.30. The other volunteer is litter picking every week around Maunsell Way Recreation Ground, Belmont Green and Falkirk field.

Risk assessments and parental consent are in place. The volunteer litter picker has been issued with a litter picker and high visibility tabard. He also has received a full safety briefing.

We have previously offered placements for volunteer litter pickers and are supportive of offering opportunities like this to the young people in our community. A separate update relating to work experience placements will also be given to this meeting.

If you have any further comments or queries please contact Amanda Woodhead, Community Projects and Grants Officer.
