

Transportation Notes – 19 July 2023

Oli, Graham, Nathanael,

Question 1 - Down to the bus companies.

Question 2 - Bus review was under way. No authority over the bus company.

Question 3 - 101/102 – Thorney Park is not viable. Stop offs pre-arranged (Salisbury) Could this be an option?

No Thorney Park to Wroughton link currently. Would recommend the pre-arranged services. Could this be part or fully funded by SBC.

Question 4 – Halcrow service taken away?

If service went Thorney Park-Wroughton (via another route)-Old Town-Swindon.

9 - Service is viable to Wichelstowe (30 mins)

- New College – Thorney

82 @ 17:40 Bus Station

Via **New College-Upham Road-Drove Road-Groundwell Road**-(Normal route)

Students unable to get a direct bus to Thorney.

Plus a daytime services into Wroughton. Encourage to use local facilities in Wroughton, social housing so there could be limited car access. In addition, people walk a very long, unsafe route down Priors Hill to access Wroughton village.

- Bus Liaison – Hodson Road Closure – Stagecoach gave road cards to drivers but works were canceled and Stagecoach were not informed or WPC were not informed of the closure resulting in unnecessary diversion.
- Information/Update on the bus review.
- Any time in September:
- Attendance: Emma, John Harris, Dave Martyn, Nathanael, Graham, + any other Cllrs.
- **Action: Find availability**
- Separate meeting from FC and then the Transport Reps will update.
- Bus Shelters in the SBC – Can we get funding or can they be supplied.
