

Youth Provision Update – to Note
Monday 17 June 2024
Full Council

We had over 30 young people at the Spray Painting Event at Maunsell Way on the evening of Tuesday 11 June 2024 and consistently have around 20 young people at the 3 times a month youth session there on Tuesdays from 6.30-8pm.

We also hold one session a month up at Thorney Park but these are not being well attended with only one person at the May session. Posters are put up in advance at Thorney Park to remind young people of the monthly sessions. If the Thorney Park sessions continue to be poorly attended we will move the sessions for July, August and September down to Maunsell Way Recreation Ground where the activities are very much in demand.

We are very pleased to be regularly engaging this amount of young people and this is testament to the excellent service level agreement we have in place with SMASH Youth. From October half term the youth sessions will return to their winter indoor setting in the Ellendune Community Centre.
