# WROUGHTON PARISH COUNCIL

## ALLOTMENT RULES

### FOR PLOTHOLDERS

## SEPTEMBER 2024

**WROUGHTON PARISH COUNCIL**

Ellendune Community Centre, Barrett Way, Wroughton, SN4 9LW  
Tel: 01793 814735 Email: [admin@wroughton.gov.uk](mailto:admin@wroughton.gov.uk)

## General Guidance

### Introduction

- 1.1 This document is to provide guidance and more information regarding allotments. The 'Agreement for the Letting of an Allotment' which is signed by the Tenant contains the rules and conditions of use. This guidance should be read in conjunction with the signed agreement.
- 1.2 The Council make rules in order to regulate the arrangements for the letting of individual allotments on the allotment site. These rules apply to all such allotments, even if held under a tenancy agreement before the rules came into operation.
- 1.3 The Council may need to amend these rules from time to time. If amended rules are brought in, a copy will be sent to all tenants in advance of the rules taking effect.

### Conditions of Tenancy

- 2.1 All new tenancies will be allocated in accordance with our waiting list procedure.
- 2.3 The tenancy of an allotment is a perpetual tenancy that continues to run year by year from 1<sup>st</sup> October to 30<sup>th</sup> September until it is terminated by either party.
- 2.4 When a tenancy begins the Council will invoice for the rent to be paid until the end of September, which must be paid immediately. For new tenants the rent will be invoiced pro-rata, so the amount of rent payable depends on the month that a tenant takes on an allotment
- 2.5 Invoices for the annual rent will be sent out in October and must be paid within 30 days of the invoice date. Failure to pay the invoice will result in termination of the agreement.
- 2.6 A concessionary discount of 25% is available to any tenant aged 65 or over or to those receiving a disability allowance.
- 2.7 The Council recognises that plots recently allocated may be in a neglected state and it is important that all weeds are kept under control and do not run to seed. In such circumstances the plot should be covered with a suitable weed control membrane whilst the plot is gradually cultivated.
- 2.8 A refundable charge of £50.00 per tenant(s) paid by cheque, cash, card or bank transfer will be made at the start of the tenancy to ensure the plot is left in a satisfactory condition at the end of the tenancy.
- 2.9 All children visiting the site must be closely supervised.

### Allotment Numbering

- 3.1 Each allotment should display their plot number. One of the main difficulties during inspections and allocating new plots is that plots cannot be easily identified.

The vacant allotment will be offered to the person who is at the top of the waiting list (i.e. has been on the waiting list the longest), providing that they still meet the tenant conditions. If they turn down the plot the vacant plot will be offered to the next person on the list.

The person turning down a plot will keep their position on the waiting list, but anyone turning down three plots will lose their place on the waiting list.

If the plot is turned down by all those on the waiting list it will be offered to the person at the top of the second plot waiting list, which is for tenants that already have an allotment.

When an allotment becomes available, it may be divided to create two or more smaller allotments. This decision will take into account the length of the waiting list and the size of the existing allotment.

Applicants will be removed from the waiting list if the Parish Office has been unable to make contact with the applicant to offer them a plot, having attempted to do so by telephone or in writing including email.

### Removal from Waiting List

Applicants may withdraw their name from the waiting list at any time by notifying the Parish Office of their wish to do so via email or in writing.

Applicants will be automatically removed from the waiting list when they have either accepted a plot or they have refused three offers. In either case (immediately or at any time thereafter) applicants may re-register on the allotment waiting list or second plot waiting list as a new applicant with no accrued priority.

## Appeals

- 16.1 Following non-compliance and the retention of the deposit there is an appeals process which is outlined in sections 14 and 15 of the previous pages. Appeals need to be made in writing and within two weeks of the termination notice and the decision is then made at the next appropriate council meeting.

## Notices and Instructions

- 17.1 Tenants must obey any temporary notices / instructions which could be conveyed on social media, on the entrance gates and/or via letter.

## Conduct and Behaviour

- 18.1 The Tenant must be respectful towards council staff, councillors and other plot holders. Violence and aggression will not be tolerated and could result in the termination of the contract.

## Allocation of Tenancies (Waiting Lists)

### Registering on the Waiting List

In order to register on the allotment waiting list, the prospective tenant must:

- be over 18 years of age
- not be someone whom we have information about that would give us reason to believe that they would be unsuitable tenants (e.g. if there was evidence that they may not comply with the rules if offered a tenancy).

The Parish Council permits the allocation of allotment plots to tenants living outside the Parish boundary. Tenants living outside the Parish boundary pay double the rent of those living within the Parish.

We operate a second plot waiting list for existing tenants. This list is subject the same tenant conditions indicated above.

### Priority for Offers

Priority for allocation of allotment plots will be as follows:

- New applicants living within the Parish
- Second plot applicants living within the Parish
- New applicants living outside the Parish boundary
- Second plot applicants living outside the Parish boundary

## Structures

- 4.1 Any structure that is present on the allotment when a tenancy begins will become the responsibility of the tenant. New tenants should therefore ensure that they are prepared to assume this responsibility before accepting the plot.
- 4.2 Written permission must be obtained from the Council before erecting a structure or shed on the plot.
- 4.2 The Council reserves the right to remove any structure which they consider to be unsound or a potential safety risk.

## Boundaries, Access & Parking

- 5.1 There is no right to go onto other allotments except with the permission of the tenant.
- 5.2 All bushes and other boundaries on your allotment should be maintained and not be a nuisance to other users of the allotment site or neighbouring allotments.
- 5.3 Footpaths must be kept clear. Where a path abuts a plot the tenant is required to maintain half of the path, i.e. cut the grass and trim the path edges. Footpaths abutting plots should be 1 metre wide and safe to use. If paths have been encroached by your plot please take any necessary remedial action to reinstate them.
- 5.4 There is not a definitive way of identifying the precise boundaries of each allotment. Any dispute about boundaries should be referred to the Council for a decision.
- 5.5 All access gates are shown on the Allotment Map. Please close all gates when entering or leaving the site. When taking a vehicle onto the site, please drive at a speed appropriate to the site conditions and with due concern for the safety of other users of the allotment site.
- 5.6 Parking is available in the lay-by, near to the main allotment entrance, or in the parking area at the rear of the allotment site. Please do not use the Prospect Hospice car park or park on the grass verge on Moor-mead Road as this blocks the pavement and causes damage to the verge.

## Bonfires & Waste

- 6.1 Bonfires are not permitted under any circumstances during the month of August.
- 6.2 The use of petrol, paraffin or other accelerants for the lighting of bonfires is not allowed. Large quantities of timber should not be burned. No explosives items which include aerosol cans and gas canisters should be placed on the bonfire. No synthetic or manmade materials e.g. plastic, foam, rubber or paint shall be burned.
- 6.3 Waste should not be brought onto the allotment site to be burned. Please also refer to section 10 of the Allotment Guidelines Booklet.
- 6.4 Please use an incinerator or metal bin as this should prevent the bonfire getting out of control and avoid any mess, the fire is contained and the collection of ash is easy.
- 6.5 Before lighting a bonfire, ensure that no hedgehogs or other animals are present in the pile of material to be burnt, if necessary moving it to another location.
- 6.6 Bonfires are only permitted on your own plot and not elsewhere on the allotment site.
- 6.7 The allotment site is now surrounded by residential houses, a care home and the Prospect Hospice, therefore please consider if having a bonfire is absolutely necessary and do not light a bonfire if smoke is likely to drift across these premises. Smoke from a bonfire must not drift across a highway so as to cause a danger to traffic. Remember that organic waste can be disposed of in a compost bin and you can book a slot at the nearby Household Waste Recycling Centre. Please look on [www.swindon.gov.uk](http://www.swindon.gov.uk) and search for HWRC
- 6.8 Bonfires must never be left unattended and must be completely extinguished before you leave your plot.
- 6.9 If the weather is, or has been, dry, please check the DWFRS website for any advice on the risk of wildfires. Please also adhere to any Facebook notices and/or email notices because Wroughton Parish Council may impose a bonfire ban. If in doubt, please do not light a bonfire.  
**PLEASE NOTE: TOO MUCH SMOKE CAN BE CLASSED AS A NUISANCE. SWINDON BOROUGH COUNCIL'S ENVIRONMENTAL HEALTH OFFICERS CAN INVESTIGATE ANY COMPLAINTS. MORE INFORMATION CAN BE FOUND HERE:**  
[www.swindon.gov.uk/info/20023/environmental\\_problems/358/report\\_disturbance\\_by\\_bonfire\\_or\\_other\\_smoke](http://www.swindon.gov.uk/info/20023/environmental_problems/358/report_disturbance_by_bonfire_or_other_smoke)

## Trees & Brambles

- 7.1 Ornamental trees must not be planted on the Allotment Site and only a maximum of two dwarf trees can be permitted. Tenants are responsible for the maintenance of any existing trees.

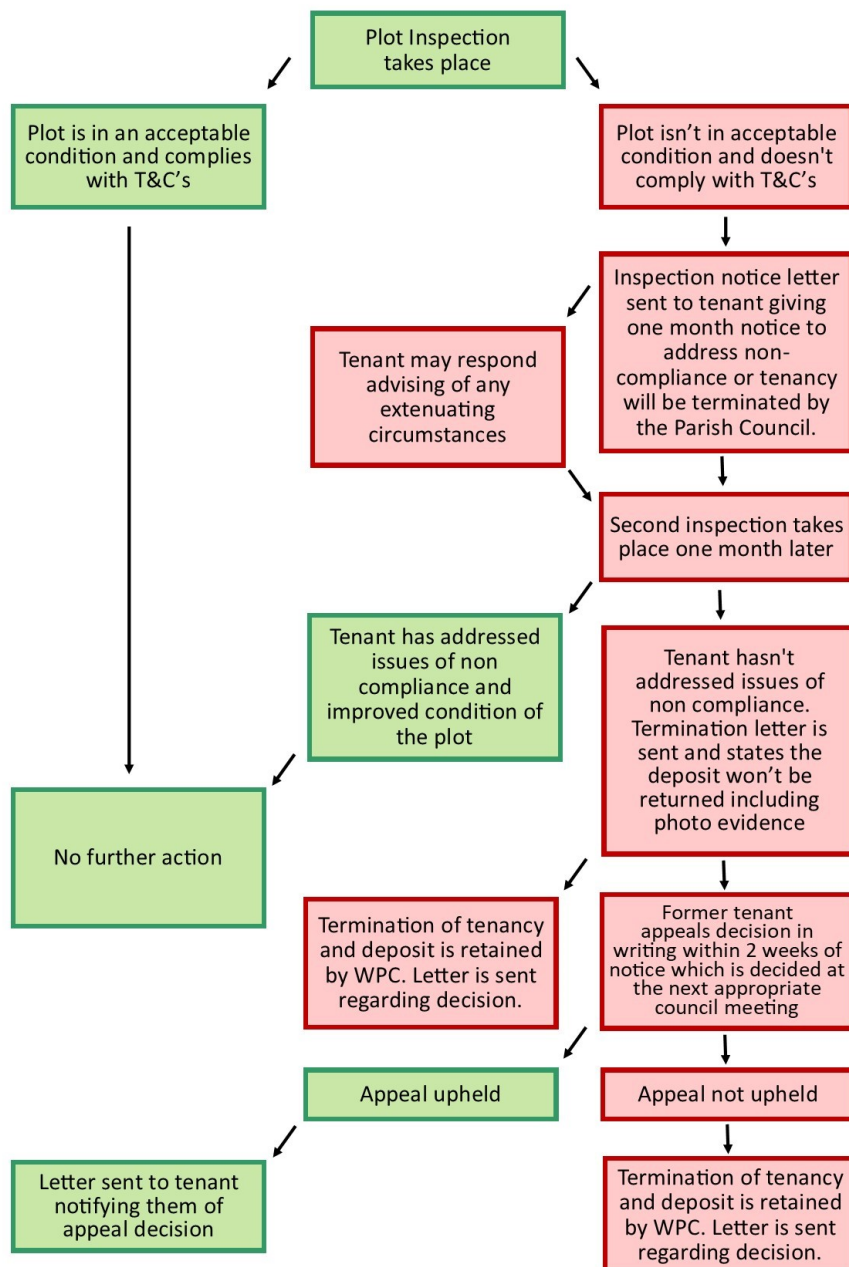

## Deposits

- 15.1 A refundable charge of £50.00 per tenant will be made at the start of the tenancy to ensure the plot is left in a satisfactory condition at the end of the tenancy. This is to include: The area left weed free with the pathways mown; no rubbish left behind – including tools, building structures or other equipment without prior permission from the Parish Council.
- 15.2 The following procedure for returning the deposit is outlined below and upon the conditions being met will be returned to the former tenant.

## Inspection Process

Inspections take place routinely or may result from a concern being referred to the Parish Office. When inspections occur the following process is followed:

7.2 Trees must be planted at least two metres away from the boundary of neighbouring allotments and so that the mature canopy does not overhang neighbouring allotments.

7.3 Blackberries and brambles can cause nuisance to neighbouring plots due to their fast vigorous growth. Please ensure that old shoots are cut out and removed.

## Watering

8.1 Water troughs are provided throughout the site. These can only be used for watering allotments and no other use.

8.2 Each trough has an external stopcock; if any of the troughs are overflowing, please turn off the water supply and inform the Parish Office.

8.3 Hosepipes or sprinkler systems must not be used.

## Livestock, Animals and Wildlife

9.1 No livestock or animals may be kept on allotments. (Please note that where livestock is currently kept on existing allotments at the site, these have been the subject of a separate and longstanding agreement).

9.2 All dogs visiting the allotments must be on a lead at all times or kept within their owners plot on a tether. Under the Dogs (Fouling of Land) Act 1996 owners must clear up after their pets. Dogs must be supervised to ensure they only urinate on grass paths well away from allotment crops.

9.3 Allotment sites might contain wildlife that is protected by law. In most cases the presence of protected species will not affect your normal allotment activities.

9.4 All wild birds and their eggs and nests are legally protected and it is an offence to kill them or deliberately destroy or disturb their eggs or nests.

9.5 All native British reptiles are legally protected against deliberate killing or collection. Slow-worms and grass snakes are the species most likely to occur on allotments. Both species are harmless to humans and slow worms in particular are beneficial as they eat slugs and other garden pests. Reptiles like to hide away and if found should be left alone.

9.6 All native British amphibians have some legal protection. In the case of the three species most likely to be found on allotment sites (common frog, common toad and smooth newt), this only applies to preventing them being offered for sale. The much rarer great crested newt has a higher level of protection and it is an offence to intentionally kill, disturb or destroy the habitat of this species.

9.7 Wasp nests should be reported to the Parish Office as soon as possible.

9.8 No bees are to be kept on the allotment.

## Storage of Materials

- 10.1 Materials kept on an allotment should only be for use on it.
- 10.2 The current regulations relating to the use of chemicals and harmful substances must be observed ([www.hse.gov.uk/coshh](http://www.hse.gov.uk/coshh)).
- 10.3 The following is not permitted:
- Allowing excessive plant and other organic waste to accumulate on allotments – Please arrange to compost waste of that kind wherever possible.
  - Bringing asbestos based products on to the allotment site.
  - Use of concrete on allotments (except for pre-cast products laid on a loose bed).
  - Removal from the allotments of any soil, gravel, sand, stones or other minerals.
  - Tyres, glass, barbed wire and carpet are strictly prohibited from the site.
- 10.4 Excessive storage of timber, scrap or similar materials is not allowed.
- 10.5 The tenant is liable for the cost of putting right anything arising at the end of a tenancy. Dealing with residual concrete, timber, scrap etc. is one of the most time-consuming and expensive tasks when allotments become vacant.

## Vermin & Pest Control

- 11.1 The Council arrange for vermin control on the allotments using bait boxes placed at the site. If any dead vermin are seen on the allotments, please do not touch and let the Parish Office know so that it can be disposed of properly. Shooting, poisoning and trapping are not allowed.

## Vandalism, Theft & Intruders

- 12.1 Vandalism or theft on the allotments should be reported to the police, using 101 (or 999 if the offenders are still on the site). Please also let the Parish Office know.
- 12.2 Sheds are not designed for secure storage so please do not leave valuables in them. The Council recommends that sheds are left unlocked to minimise damage. Conceal or hide tools e.g. under the shed floor or in the compost bin.

- 12.3 To deter theft it is recommended that tools are marked by etching with post codes and house numbers.
- 12.4 Do not approach an intruder. Instead observe any activity carried out by the intruder from a safe distance and report it if necessary. Any incidents should be reported to both the police and the Parish Office.

## Weed Killing

- 13.1 Weed killing is allowed on site providing the weather conditions are suitable and precautions are taken to ensure the spread of any weed killer onto neighbouring paths.

## Inspections, Notices, Enforcement & Disputes

- 14.1 The site is inspected regularly by Parish Council staff in association with the Allotment Working Party. The Inspection Process will then be followed.
- 14.2 During the first three months of a tenancy, it may take some time to bring the allotment under proper cultivation. Please let the Parish Office know if there are difficulties in order to prevent the Inspection Process being invoked.
- 14.3 If a plot fails an inspection and the tenant has received an Inspection Notice on two previous occasions, a Termination of Tenancy letter will be sent to the tenant (giving 1 weeks' notice).
- 14.4 Disputes between tenants about the implementation of the conditions of use and related matters should be referred to the Council for resolution. The decision of the Council is final.
- 14.5 When formal notice is to be given regarding your tenancy this can be done in writing to the Council.
- 14.6 There will be no refund on allotment rent for plots given up after the invoice has been paid.
- 14.7 Any issues of concern should be reported to the Parish Office where an appropriate decision will be taken. In all cases the decision of the Council is final.
- 14.8 In all cases the plot must be returned to the Council free of waste and personal items. Sheds and structures may be retained on the plot with written permission from the Council. Any incurred maintenance or removal costs will be invoiced to the tenant.
