

Appendix 2

CA&OS Commemorative VE Day Planting July 2025

Bench Seating Options

The proposal is for 2 benches (pictured below) to be included as part of our grant award. This is the seating specification that the Trees for Climate scheme would fund so that local residents can sit amongst the trees/wildflowers and enjoy the beautiful, natural surroundings.

For more details visit:

<https://www.forestgarden.co.uk/product/sleeper-bench-1-8m/>) together with suitable ground anchors (link: <https://groundbolt.co.uk/erdanker-jf-anchors.html>)

If the Grounds Team could install these, the TfC team would consider this as a 'Donation in Kind' by WPC towards overall costs. Alternatively WPC could choose to buy the benches themselves which are £150 each.

The new bench locations are detailed on the layout plan with one near to the Memorial Oak and another nearby proposed new planting.
