

Litterpick Update
CA&OS 8 October 2025

Our Community litterpick sessions, run by Emma and Amanda on Thursday 28th August in Wroughton and Wichelstowe were well attended. Thanks to Lisa, Nathaniel, Justin, Will and Diane for coming along. We were delighted to welcome representatives from local organisations including Swindon Humanitarian Aid Partnership, Step out Swindon, Richards James, McCarthy Stone Wichelstowe and Swindon Borough Council. We were also grateful for the support from the Rapid Relief Team who provided free refreshments at the Wroughton session and WillowBrook View Care Home for hosting the Wichelstowe event.

The WPC mobile litterpick station made by our Grounds Team has been moving to various locations around Wroughton including Maunsell Way, Belmont Green, Weirfield, Ellendune Shopping Centre and Alexandra Park. We have received positive feedback about this from residents about it and it is being used.

Two litterpick stations have been installed in Wichelstowe, one by the lakes and another in the Orchards. The locations for these were chosen by the Wichelstowe Joint Venture Team in consultation with the WPC Grounds Team. An apprentice working in Wichelstowe made both of these stations which have been set in concrete. More communications will follow about these soon and will be led by the Wichelstowe Joint Venture team.
