Date: 10th November 2025

Job Description: Hoggin Path

Approx 520m² @ 1.8m wide path

Pic attached:

To dig out existing timber edged, stone & break out concrete path and clear site of all waste.

Renew ALL timber edge boarding, re-stoning(MOT Type1) and finishing with hoggin.

New Path will be raised slightly higher than existing as it is currently pooling with surface water causing deterioration of sub-base.

150mm x 25mm(6x1) treated timber will be used and pegged every 1.2 metres and fixed with screws.

All joins will be screwed together with 100mm x 25mm(4x1) treated timber

150mm - minimum of quarried MOT Type1 will be put in rolled and compacted

35mm of hoggin will then be put down and rolled with a camber for water run off.

All edges will be top soiled and dressed back in, then reseeded

We will provide our own welfare facilities via groundhog unit

Signage and safety barriers will be provided

A designated temporary walkway will be put in place for pedestrians

SUB TOTAL £33865.00+VAT

VAT £6773.00

TOTAL £40638.00 inc. VAT

Job Description: Tarmac path

Approx 520m2 @ 1.8m wide path

Pic attached:

As above for dig out/waste

New path will be dug down 250mm for path edgings to be sat on 100mm of concrete

Path edgings will be concreted in and backed up using Gen 3 kerb mix

Minimum of 150mm quarried Mot Type1 will be rolled and compacted

20mm binder course will be laid and rolled at a depth of 50-60mm

6mm surface course will then be laid on top and rolled at a depth of 25-30mm

Again it will be all topsoiled and dressed as well as being reseeded

SUB TOTAL £54705.00+VAT

VAT £10941.00

TOTAL £65646.00 inc. VAT

Yours Sincerely

Jonathan Kerrigan
