Subject: Stihl quotation.

Good afternoon Richard and a happy New Year to you my friend.

Please find the Stihl machinery and service parts quotation attached that you kindly requested.

Please accept my apologies for the delay in getting this to you. Time just ran away with me as the year end closed in.

I've come in today specifically to make sure I got this quote completed and emailed to you.

All the brush cutters would have to be ordered in from Stihl UK, however they are showing all three **in stock** as we speak.

We do keep most of the service spares in stock however due to some of the quantities required, I would probably order these all in from Stihl as well, or from around our other depots to make up the quantities required.

If you have **any** questions, please feel free to call me to discuss them.

I look forward to hearing back from you.

Kind regards,
Steve.
