

Richard James Estate Agents

Sponsorship of 13 Planting Troughs on Wroughton High Street

The Community Projects and Events Officer contacted Richard James Estate Agents to offer a sponsorship opportunity for the 13 W&WPC owned planting troughs which are near to their office.

Using last years costs for winter planting (pansies) and summer (trailing begonias) as a guide, a first year's sponsorship of £380 has been obtained. This includes the cost for self adhesive signage for each planter tree with both W&WPC and Richard James logos on it which have been purchased.

As usual we will refresh all W&WPC planters with summer bedding plants during late April or early May.

Another contribution of £350 has been agreed by them for 2027/8 , reduced to reflect the one off sticker cost. This would be in addition to the £500 Richard James pay towards our Christmas tree.

Richard James Estate Agent are keen to support W&WPC and have attended our last few community litterpick sessions.
