

**Full Council Meeting
Monday 22nd June 2026**

Agenda Item 8.1 – Transportation Representatives Update

Hello everyone,

My name is Graham Overbury, and I have been involved in local transport matters with the Parish Council for a number of years, working to improve public transport for residents across the parish.

I work alongside my colleague Nathanael Hooper, who is also a member of the Transport Group. Together, we represent local residents and work with transport providers and community groups to help improve local transport services and facilities.

I regularly attend meetings with Get Swindon Moving, the Wichelstowe Community Groups, and Stagecoach, where I help represent residents' views and raise local transport issues.

Working alongside Ward Councillor Gayle Cook, I have supported efforts to secure the use of any redundant bus shelters from the Park and Ride scheme to improve facilities within our community. Unfortunately this hasn't progressed too far but we will keep the conversation going.

During my time as a Parish Councillor, I also helped progress requests for new bus shelters at the bus stops on Wharf Road and Perrys Lane, both of which have been well received by residents and bus users.

I look forward to attending the Full Council meeting in July to meet you all and continuing to support improvements that benefit our local community.

Kind regards,

Graham Overbury,

Wroughton & Wichelstowe Parish Council Transportation Rep.
