

COMMUNITY ASSETS & OPEN SPACES COMMITTEE PROJECT TRACKER

Projects	Project Updates	Future Comms Opportunities	Comms priority Red = low Green = high
Dog Fouling Communications Campaign	CAOS/08: Deputy Clerk to draft a behaviour change communications campaign to tackle dog fouling in the parish. Draft campaign to be signed off by committee at its meeting on Wednesday 10 June.	Numerous opportunities to share the campaign's key messages.	
New Bus Shelter on Perrys Lane	CAOS/09: The committee is pleased to progress this piece of work. The Deputy Clerk will present the committee with options for approval at its meeting on Wednesday 10 June.	Opportunities will emerge once the go-ahead has been given. Then future opportunities will be available when work starts and when the project is complete.	
Improvements to the Vehicle Track on the Allotments	CAOS/06: The committee agreed the recommendation to spend £110 to enable the parish council's grounds team to fill in potholes on the allotment track as a temporary measure. The committee also received two quotes, a lower quote and a higher quote, from Contractor A to improve the allotment track in the longer term. The committee felt the higher quote was too expensive and that the lesser quote was the better option. They agreed to decide on a way forward after having initial discussions with the Grounds Team.	Comms piece if/when work is complete.	
Wichelstowe Sports Hub	CAOS/10: The committee approved to allocate £70,000 of Community Infrastructure Levy funds towards a new MUGA (Multi Use Games Area). Members will know more about the hub's financial picture following a meeting with the JVT on Tuesday 9 June. The committee was very pleased to be involved with the project.	Numerous opportunities will be available as various stages of this project go live.	
New Bench on Perrys Lane	CAOS/11: The Deputy Clerk has made initial investigations following the request from Cllr DH.	Potential comms opportunities will be available as the project progresses.	
New Dog Bin at Overtown Hill	CAOS/11: The Deputy Clerk will tie this work into the larger dog fouling communications campaign.	Comms upon completion of the project (to tie in to larger dog fouling campaign).
