Cllr Cllr H Woodward provided a verbal update regarding the charity activity, current members and financial arrangements.

It was reported that there had been no activity for the past nine months. Cllr Woodward has taken on the role of Chair, and the charity's accounts, provided by Phil Harrison, are now held by the Parish Office. It was noted that applications for funding had been invited in September, but no responses had been received. The committee agreed that a further funding round will be launched in September, with awards expected to be made from 10 July onwards where appropriate. Eligibility will be extended to include residents of the Deanery, as this area now falls within the parish, as well as village residents progressing to further education. Information

about the charity and the application process will be published on the Parish Council website. It was noted that there had been some confusion, with the committee believing the charity was being administered by the Church. The current maximum grant is £300 per applicant; however, the committee is considering increasing this to £500. Members also noted that the charity's funds originate from a number of historic charitable trusts dating back to the 1700s, and that the long-term intention is to distribute the remaining funds and subsequently wind up the trust. The update was NOTED.
