Subject: Churchyard Footpath Update / Broken Noticeboard

From: Helena Thomas

Subject: Re: Broken Noticeboard

Hi Emma - apologies, I'm just back from holiday. Here's the information on the church path repairs..... and yes fine to go on website.

Do ask if anything not clear or you need any further information.

Thanks, Helena

From 13th July Swindon Borough Council are undertaking much needed repairs to the paths down to and in the lower churchyard. The work is expected to take 6 weeks and during this time parts of the lower churchyard may not be accessible for safety reasons. While they are resurfacing the ramp there will be no access to the lower churchyard.

However, the contractors will ensure that the lower churchyard is fully accessible at weekends. We apologise for any inconvenience caused but look forward to the new safer ramp and path in the autumn.

We thank Swindon Borough Council for undertaking these works, and are very grateful to our MP, Councillors and lower churchyard volunteer group who worked hard to make this happen.
