The above quotation is based on the work being completed within the time scale agreed. All stock must be installed within 90 days of receipt of all stock to the Depot. In the event that Bauer Media Outdoor is prevented from completing such work a storage charge will be made and an invoice for payment dispatched for payment for products ordered. Storage charge rates will be available upon request from the purchaser to Bauer Media Outdoor. If the purchaser has not agreed the date upon which stock shall be installed within 120 days following receipt of such stock to the Depot then Bauer Media Outdoor reserves the right to re-allocate the said stock and re-order the initial stock requested by the purchaser. Upon the re-allocation of stock the storage charge paid by the purchaser to Bauer Media Outdoor cease. This quotation is valid for 60 days only from the date of quotation. Electrical connection costs are based on a standard cost and may vary after quote received from Regional Electricity Board. No self billing will be allowed. No Retention fees are acceptable. Bauer Media Outdoor's conditions of sale will override any other. The issuing of an order based on this quote will be taken as acceptance of our terms and conditions. No main contractor discounts are available.
